## PROFESSIONAL SUMMARY

Passionate and driven Senior Manager with over 25+ years of industry experience, consistently delivering multi-million dollar projects on time, within scope, and under budget. A skilled leader with a strong background in streamlining processes, implementing best practices, and building high-performing teams through active coaching and mentoring. With expertise in vendor sourcing and management, cost estimation and control, and contract negotiation, I have a proven track record of driving results in both non-profit and for-profit sectors.

Beyond my professional accomplishments, I am also an avid reader, early-stage investor, and mentor & advisor to startups. Certified in Google Project Management and armed with a B.E. in Production Engineering, an M.S. in Software Systems, and an M.B.A. in Finance & International Business, I bring a wealth of knowledge and experience to any organization. Whether you're looking for a seasoned leader to drive your project to success, a visionary investor to help grow your startup, or simply a passionate and dedicated professional to join your team, I am confident that I have the skills and experience to deliver results.
